

BLUE * ROCK

2019 Estate Cabernet Blue Rock Vineyard, Alexander Valley

Vineyards

Our 2019 Estate Cabernet features four distinct blocks of Cabernet Sauvignon, plus Petit Verdot for added interest and intensity. The final ensemble is a stellar example of Alexander Valley Cabernet at its finest.

Winemaker's Tasting Notes

2019's growing season started later than usual for us at Blue Rock. A cool spring and growing season allowed a longer hang time. The wine has a pristine dark red and deep purple tint. The aromas celebrate the dark side of Cabernet as well, featuring ripe black plum, black currant and black cherry heightened by an intriguing note of graphite and subtle touches of black pepper and vanilla. All these elements come to a beautiful crescendo on the palate in perfect harmony and balance, with fine tannins, beautiful acidity and a dash of warm baking spices on the long and satisfying finish.

Food Affinities

This one is a slam dunk for all your red meat favorites – filets, short ribs, T-bones – grilled or broiled, with salt, pepper and olive oil, or topped with herbed red wine reduction sauces. Aged cheddar and most other hard cheeses will play along nicely as well. The balance on this wine makes it an easy pairing with all of your fall and winter favorites.

Ageability

Surprisingly approachable already, this Cabernet will nonetheless age effortlessly for another 10-15 years or longer when properly cellared.
